Welcome to Corporate at Crumplebury

Before taking over running our family estate in 2012, I worked in financial services and attended my fair share of fairly hum-drum corporate events. These experiences have inspired me to offer something a bit different for businesses choosing to congregate at Crumplebury.

We're really proud of everything we have to offer and when it comes to getting away with colleagues or customers, we're confident that our estate is a refreshing break from the corporate norm. In my experience, good food and drink is a vital part of any event. Led by our Michelin starred consultant chef, the kitchen team put together seasonal menus making the most of what the farm has to offer. Venue fees for all corporate events at Crumplebury include light refreshments as well as wifi, parking, stationery, AV equipment and a member of staff on hand to help with any other requests.

What follows are a handful of ideas that we know work well at Crumplebury. We're perfectly set up to accommodate product launches, filming, awards ceremonies, company updates and AGMs. If you like the sound of our approach and would like to host something a bit different, please don't hesitate to get in touch and we'll see how we can help.

We look forward to welcoming you to Crumplebury.

Crumplebury

A modern interior space, likely a hallway or lounge area. The room features a prominent brick wall on the right side, illuminated by warm, recessed lighting. In the center, there is a wooden table with a glass top and a large, leafy plant. The floor is made of light-colored tiles. On the left, there is a dark wall with a large, abstract, light-colored sculpture hanging from the ceiling. The overall atmosphere is contemporary and sophisticated.
